| One way | | Tyres |
| Fast way home | | Dam / Water |

All track ratings are a **guide only** and **all tracks are considered dangerous** if care is not taken and the driver does not operate within his or her capabilities and vehicle capabilities. We don't offer a recovery service so walk the track first if unsure, plan your path. **WARNING:** Wet conditions severely increase the difficulty of tracks and any rating guides are no longer applicable.

Always operate your vehicle in 4wd mode, selecting low-range if available. **Tyre pressure should be lowered** to 10-20 PSI.

NO DRINK DRIVING, QLD ROAD RULES APPLY.

Please be patient and courteous. Drivers of all capabilities utilise the tracks. Offer assistance when needed.

All drivers must **check in and out**.
